Dear Sirs:

Red Wing, Minn.

Please accept my thanks for the Lady Slipper Plants. I have planted them in leaf mold in a shady place and watered them down good. Here is hoping they will live and grow. They were so nice well rooted plants there is no reason why they should not. And those nice Lily Bulbs, such fat, sound bulbs I have never seen, especially the Coral Lily Bulbs. I didn’t even know they got so big as those you sent me. And all of them were a surprise to me, for size. If I only could have more of them. Thanking you again.

Yours truly,

Mrs. J. P.

Gentlemen: Hoquiam, Washington

Many thanks for the fine shipment of wild flowers received the other day. The Bloodroots were blooming a couple days after planting. The Hepaticas are also in full bloom, and the Jack-in-the-Pulpits are up a couple inches.

Very truly yours,

O. C. L.

Dear Sirs:

Los Angeles, Cal.

The Lady Slipper roots I purchased from you are doing fine out here in California. Thanking you for all you have done for me in the past and I assure you I will have more orders for you from time to time.

Yours truly,

R. C. P.
